## Reins of Government To Be Given Pearson

### Two More of Dief's Men Toppled by Service Vote

### Message From PM Follows Liberals Taking 130th Seat

OTTAWA (CP)—A heavy pro-

Liberal vote among the armed services swung two constituencies to the Liberals today, ousting two Progressive Conservatives, and left Lester B. Pearson's Liberal party only three seats short of an outright majority in the new Parliament.

The two service vote turn-overs—one of them defeating Mines Minister Paul Martin—boosted the Liberal strength to 130 seats from the 128 they won on Monday's civilian balloting. Conservative membership was cut to 94 from 96.

The Liberals needed 133 seats for a bare majority in the 265-seat Commons. There remains the slim possibility that recounts may change the eventual result.

Mines Minister Martin—seventh cabinet member to be defeated—had held a 33-vote lead in civilian votes over Liberal Paul-O Goulet in Quebec's Pontiac-Temiscamingue riding.

Mr. Goulet had a margin of 49 in the service voting, giving him an over-all lead of 16 votes.

The other turnover was in the Hastings South in Ontario where Liberal Robert Temple ousted Conservative Leg Grills with an over-all lead of 168. Mr. Temple had a 690-vote lead in service

counting to wipe out Mr. Grills' 92-vote plurality in civilian votes.

The service vote results, made public today, left this party standing in the Commons, compared with outcomes of the three previous federal elections:

	1963	1962	1958	1957
Lib.	130	100	49	107
PC	94	116	206	112
SC	24	30	0	19
NDP (CCF)	17	19	8	25
Ind.	0	0	0	2
Total	265	265	265	265

The armed services vote, covering 141,210 servicemen, their wives, and veterans in government hospitals eligible to vote, was taken April 1-6 during the week preceding Monday's civilian voting.

Liberals captured 70.5 per cent of the 96,359 service votes counted, compared to the 20.5 per cent that went Conservative. Other shares: Social Credit 4.6 per cent, New Democratic Party 4.1 per cent, others 0.3 per cent.

This was a sharp change from the party split in the civilian vote which went 41.3 per cent Liberal, 33 per cent Conservative, 12 per cent Social Credit, 13.3 per cent NDP and 0.4 per cent others.

PEARSON  
message from Dief

OTTAWA (CP)—Prime Minister Pearson at 3 p.m. EST Monday to arrange a changeover of government.

The Conservative leader sent his congratulations and best wishes to Mr. Pearson, the victor in last Monday's general election, immediately after the result of armed forces voting was announced today.

"Mr. Diefenbaker first tried to reach Mr. Pearson by telephone and when contact was not made, sent him a telegram. Later the two men spoke by telephone and agreed on the meeting."

The telegram said: "As soon as the service vote was announced, I immediately tried to get in touch with you by telephone but was unable to do so."

"Therefore I take this means of conveying to you my congratulations. I will be glad to meet with you personally at any time on Monday to discuss with you the date of the change of government."

It was signed, "with my best wishes, John G. Diefenbaker." Mr. Diefenbaker's moves in turning over the government to his successor are thus following the pattern of 1957 when the Conservative leader succeeded former Liberal prime minister Louis St. Laurent.

Mr. St. Laurent invited Mr. Diefenbaker to his office for a private talk after the armed forces vote was announced following the June 10 election that year and the new Conservative government took office June 22.

### One of 6 "Liberal" Secreds Repudiates Backing-Mike Move

QUEBEC (CP) — Robert Beaulieu (SC—Quebec East) said today he and at least one other Social Credit MP had no idea a statement supporting a Liberal government would be notarized and sent to the Governor-General with their signatures affixed.

Mr. Beaulieu said there was no notary present when he signed the statement. He thought it was intended for a party caucus next week and he had no idea it would be made public.

"I repudiate it publicly," he said. "Boutin feels the same way."

Pierre-Andre Boutin, 28, member for Dorchester, was one of the six Social Credit MPs whose names appeared on the document, made public Friday. It pledged support for a Liberal government.

Mr. Beaulieu said Alexandre Bertrand, vice-president of the Ralliement des Creditistes, had told him and Dr. Guy Marcoux, the party whip, that he did not know the statement would be made public.

### Vanier "Better"

OTTAWA (CP) — Governor-General Georges Vanier, 74, is "progressing very satisfactorily" in recovery from the mild heart attack he had Monday, a Government House spokesman said today.

"He is coming along very well and had a very good night," the aide said.

Rusk also told Drobnyin in their 80-minute meeting at the state department that the United States is seriously concerned over the recent fighting in Laos and the failure of the Communist side there to carry out fully the East-West agreement to neutralize Laos.

### Multi-Force 'Just Defence'

WASHINGTON (AP) — The United States is expected to tell Russia shortly that the proposed NATO multi-lateral nuclear force, on which the allies now are negotiating, is designed purely for the defence of western Europe and offers no offensive threat to the Soviet Union.

State Secretary Dean Rusk notified Soviet Ambassador Anatoly F. Dobrynin Friday that a reply to this week's Moscow protest against the nuclear force will be dispatched in a few days after consultation with other Allied governments. Russia charged the United States with moves to "unleash a race in nuclear-rocket armaments transcending all national and geographic boundaries."

Rusk also told Drobnyin in their 80-minute meeting at the state department that the United States is seriously concerned over the recent fighting in Laos and the failure of the Communist side there to carry out fully the East-West agreement to neutralize Laos.

### EASTER CHICKS MEET CUTE ADMIRER

Easter chicks are given their first look at spring and meet a cute admirer . . . six-year-old Pamela Durham

of 830 Lawson Avenue, Kelowna, was introduced to the fluffy bundles at Boyd's chicken plant, Okanagan Mission, and promptly fell in love with them all. Chicks are just one week old but can chirp and scamper about pretty well ahead.—(Courier Photo)

## Start Of Easter Weekend Sees Total Of 17 Killed

Seventeen persons in four provinces died in accidents across Canada as the three-day Easter weekend got under way. Fourteen persons died in traffic accidents.

Six provinces — Newfoundland, Prince Edward Island, Nova Scotia, Manitoba, Saskatchewan, and Alberta—reported no accidental deaths.

A Canadian Press survey from 6 p.m. Thursday to midnight Friday showed six traffic deaths in British Columbia, four in Ontario, three in Quebec and one in New Brunswick.

Three persons were killed in other types of accidents in Ontario, British Columbia and Quebec.

In Ontario, a man was killed when his propeller-driven ice chow overturned on an ice-covered river. A person was struck by a train in British Columbia and there was a fatal fall in Quebec.

Over the entire three-day Easter weekend last year, 46 persons met accidental death, 29 of them on highways. The record Easter death toll was 70 in 1957, including 47 in traffic. The survey ends at midnight Sunday. It does not include known slayings, suicides, or deaths of industrial accidents.

### Death Toll Up In BC Crash

CHILLIWACK (CP) — The death toll in a Thursday night car crash that killed three persons outright rose to four Friday night with the death in hospital here of 50-year-old Moses Louie.

He was the husband of Mrs. Clara Louie 45, who was killed in the crash along with her two sons, Alex Louie, 21, and Joseph Louie, four months.

Still in hospital are Donald Harry, 30, and his daughter, Velma, five. Harry was reported in serious condition.

Police said they believe Harry was driving the car carrying the six when it struck a bridge abutment on a rural road four miles east of this Fraser Valley centre.

All those involved were from Agassiz, an agricultural community six miles east of here.

### Police Say Bloodstained Boy Admits Killing 2 On Yacht

KEY WEST, Fla. (AP) — A wide search for a Georgia boy and two Key West fishermen ended when the U.S. Coast Guard found the blood-stained lad alone on the fishermen's boat, out of fuel close to Cuba.

"I murdered them and threw them overboard," coast guardsmen said Roger Foster, 17, told them Friday night on the 32-foot Dream Girl of Douglas Trevor, 47, and his son, Edward, 22.

The patrol vessel's crew put Foster under guard and towed the boat—blood-spattered also, they said—toward Key West.

Waiting there was Dr. H. A. Foster of Griffin, G., who flew here when search started for his son.

A suicide note found in Roger's Key West motel room had said, "I think I am insane." It urged authorities: "Do not publicize my death. Be careful when you tell my father because he has a bad heart."

A picture of mental turmoil over American Nazism, the Communist party and Cuba's dictator Fidel Castro began shaping up from information police gathered about Foster. He was described by his mother as "a brilliant boy (who) seemed to have strange ideas" that prompted his parents to have him interviewed by a psychologist.

"May be he was trying to get to Cuba and go after Castro on his own," Mrs. Foster said. "Roger tried to start an anti-Communist club at Griffin High School."

### Better Weather On Move East

HALIFAX (CP)—Clear weather was expected to move in from the West today, ending a hectic week of Maritime storms that started Monday. The latest latest-delivered Thursday still clogged many roads with snow early today.

However, civil defence authorities in hard-hit southeastern New Brunswick said most of the hundreds of motorists marooned on highways near Moncton had been freed by snowplows.

### 'Secret' UK Survival Centre Raided By Ban-Bomb Group

LONDON (Reuters) — More than 1,000 nuclear disarmament campaigners clashed with police today in London when they invaded an alleged secret civil defence centre whose disclosure triggered a spy investigation.

The disarmers, members of the annual ban-the-bomb protest march from Aldermaston nuclear research centre to London, were believed to be acting on information in a security-smashing document distributed Friday.

A group of the 17,000 demonstrators left the main route during a lunch-hour halt and broke through hastily erected police barriers at the civil defence installation in a small village west of London.

### Laos Police Chief Assassinated As Tension Mounts In Capital

VIENTIANE, Laos. (Reuters) — Laotian police chief Col. Khamthi Sisouphon was assassinated Friday night in his home, a high-ranking neutralist source said today.

Kanthi was reported to be a left-leaning neutralist and a close friend of Foreign Minister Quinlan Pholsena, the leftist-neutralist who was murdered outside his home by a member of his bodyguard less than two weeks ago.

Since Quinlan's death and the skirmishing on the Plain of Jars between neutralists and leftists, a grim guessing game has been going on in this tense capital over what government official will next die under an assassin's gun.

### Island Traffic Held At Ferry

Threatening weather on the West Coast and terrible weather on the East Coast marred the beginning of Easter weekend as highways across Canada were jammed with holiday traffic. Elsewhere, the weather was fine.

The holiday began in British Columbia with a giant traffic tie-up at the Horseshoe Bay ferry terminal with hundreds of cars heading for Vancouver Island.

The holiday began in British Columbia with a giant traffic tie-up at the Horseshoe Bay ferry terminal with hundreds of cars heading for Vancouver Island.

House pet-zoologist Al Oeming, owner of the Alberta Game Farm, has started many Kelowna district residents in the past few days by walking his pet 10-year-old cheetah Tawana. Mr. Oeming is in the Okanagan to line up a schedule for his presentation of a two-hour film, entitled In the Land of the Black Bear. The film, taken on a seven-month pack train trip from Dawson Creek to Banff, Alta., will be shown in Kelowna Community Theatre Tuesday night. Mr. Oeming has planned a tour through the entire Okanagan and it is believed he will cover most of the province. He is seen here with his pet outside the Courthouse. —(Courier Photo)

## STOP PRESS NEWS

### "Liberal" Secreds Move For Probe

QUEBEC (CP)—Dr. Guy Marcoux, party whip, said today a Social Credit caucus will be held Tuesday, possibly in Ottawa, to discuss the action of six party members of Parliament who say they will support a Liberal government.

### Thresher's Last Sounds Described

PORTSMOUTH, N.H. (AP)—The navigator of the submarine rescue ship Skylark said today the last sound to come from the lost nuclear submarine Thresher "was the sound of a ship breaking up—like a compartment collapsing."

### Soviet Launches 14th Satellite

LONDON (Reuters)—The Soviet Union today launched the 14th in a series of unmanned artificial satellites, Tass news agency reported.

### UK After Red China Trade

LONDON (Reuters) — Britain is out to obtain trade orders worth £50,000,000 (\$150,000,000) annually from Communist China in the face of heavy United States opposition, Lord Beaverbrook's Daily Express says.

### Balloon Crosses English Channel

CAEN, France (AP) — The hot air balloon Raven carrying two Americans landed today near Dunkerque, after crossing the English Channel. It was the first balloon of its sort to make the trip. The last such attempted crossing ended in failure 180 years ago when sparks set the balloon on fire.

## THE WEATHER

Mostly cloudy today and Sunday. Widely scattered showers this afternoon and again on Sunday. Little change in temperature. Winds light.

Low tonight and high Sunday 40 and 58. Low and high Friday 39 and 57.

REFUGEES FLEE FROM LAOS WAR

Fighting has broken out in Laos again despite the cease-fire agreement signed last June to form a neutralist regime in the strife-torn country. Refugees, always a bitter

result of war, are seen here after being flown away from the fighting zones, reported to be mostly around the Plains of Jars, in central Laos. Women in the foreground carries her most prized possessions, an ancient radio, and a suitcase of clothing. The plane in the background is a Russian transport. (AP Wirephoto)

## Thousands Of Pilgrims Flock Into Holy Land

JERUSALEM (AP) — Thousands of Christians have flocked to the Holy Land for Easter Sunday to share in the rituals marking the crucifixion, burial and resurrection of Christ. Eastern and Western churches held four separate burial services Good Friday. The pageantry of worship turns Sunday to the joys of Easter. Pilgrims knelt beneath flick-

ering candles at Calvary on Good Friday night as priests lifted an effigy of Christ's body from the cross and buried it in Jerusalem's ancient Church of the Holy Sepulchre—to most Christians the exact site of the Saviour's crucifixion. Calvary now is a balcony inside the church doors, its bare rock shielded with rich mosaics,

candles and clusters of glowing lanterns. Pilgrims from many lands bowed in the dark vaults of the church crumbling with age and resounding with chants of hymns. They watched robed and bearded Roman Catholic priests withdraw nails from the cross on Calvary. Anointing effigy. Christ's effigy, wrapped in sheets of linen, was anointed. Then, to the chant of prayers, it was carried to the candlelit sepulchre. Officials said about 15,000 Christians were in the Holy Land for Easter Sunday. Earlier in the day, the pilgrims retraced the footsteps of Christ from the site of Pontius Pilate's fortress through the Streets of Sorrow to Calvary. Some carried heavy crosses to emulate the Saviour's suffering. Some wore sandals. Others wore reproductions of the glimmering helmets of the Roman legionnaires who followed Christ to his death nearly 2,000 years ago. Throughout the afternoon procession pilgrims stopped at 14 stations of the cross to pray in many tongues. The stations mark where Christ was scourged and flogged, where he stumbled and fell, and, finally, where he was nailed to the cross and died.

## WEEK'S NEWS IN REVIEW

# Liberals Gain, Pope's Plea — Sub Lost With 129 Men

Canadians favor Liberals A-sub lost with 129 men Strong UN urged by Pope One of the liveliest federal elections in Canadian history came and went this week and left in its wake almost as many questions as it had posed.

At the weekend, the big question was whether Prime Minister Diefenbaker, with a score of seats cut from the Progressive Conservative lead would try to retain office or would give way to Lester B. Pearson's strengthened Liberals.

The prime minister elected to delay his decision until results of the service vote—expected to be announced today—gave a clearer picture of the power balance resulting from Monday's voting.

Close races in several ridings left the possibility of turnovers that would alter the provisional lineup in which the Liberals held 128 seats—just short of a clear majority in the 283-seat House—compared with 96 for the Conservatives, 24 for Social Credit and 17 for the New Democratic Party.

The Conservatives, who held election to 100 for the Liberals, 30 for Social Credit and 19 for NDP, would need backing from the smaller parties to keep control.

**URGE RESIGNATION** Both the Social Credit and NDP leaders in effect called on the prime minister to resign.

NDP chief T. C. Douglas, stressing that the decision rests with the prime minister, said: "If I were in his position I would submit my resignation. That is the logical thing to do."

Social Credit's Robert Thompson said the prime minister "has lost the confidence of his party and of the Canadian people" and does not have the moral right to remain in office—although he may have the constitutional authority to do so.

The prime minister met Thursday with his own ministers—six of whom were defeated Monday—and emerged with "nothing to say."

The prime minister also made a private call on Gov-

ernor-General Vanier, who suffered what was described as a "very mild" heart attack on election day.

A Government House spokesman said Friday that the 74-year-old Queen's representative was making "satisfactory progress."

**THRESHER GOES DOWN** The worst submarine disaster in the history of the United States Navy occurred Wednesday when the nuclear-powered Thresher, test-diving in the Atlantic some 220 miles east of Boston, failed to surface.

The only clue to her fate was the recovery by a salvage ship of pieces of cork and plastic floating in an oil slick.

Admiral George W. Anderson, chief of naval operations, announced Thursday that the Thresher had been given up for lost and said: "We will never know what went on within the submarine."

The sleek attack sub carried down with her 16 officers, 56 seamen and 17 civilians. All hope was given up for them as the sub was believed to have plummeted to the ocean floor—3,400 feet down.

The longer Elizabeth and Leonard disappeared in the Cabot Strait south of Newfoundland Tuesday night and little hope was held for the rescue of her four-man crew.

Another longliner, the Janine T., ran into trouble on the same day 90 miles southeast of Halifax. But her seven crew members were rescued, one with a broken leg, as eight other vessels poured oil on the rough seas.

Abshire, three deaths were blamed on the storm that smashed in from the Atlantic Monday and left up to 17 inches of snow. The second punch came Thursday, leaving hundreds of motorists stranded as hurricane-force winds caused heavy drifting. On the west coast of New-

foundland 15 freight cars were lifted from their rails.

**CALL FOR PEACE** Pope John marked Easter week by issuing an historic encyclical giving a blueprint for a permanent peace under a "public authority of the world community."

The 13,000-word document, called *Pacem in Terris* (Peace on Earth), called for a nuclear weapons ban and controlled disarmament and urged governments to bring the effects of economic prosperity to all men.

The Pope visualized a world body set up by "common accord" to safeguard peace and promote human rights, but not to replace national governments.

Indicating the United Nations could provide the basis for this, the Roman Catholic leader said it is his "earnest wish that the United Nations organization—in its structure and in its means—may become ever more equal to the magnitude and nobility of its tasks."

World briefs: New Civil fighting between neutralists and pro-Communists was reported in central Laos Friday after a lull of several days.

Algeria's Foreign Minister Mohammed Khemisti was shot and critically wounded in an attempted assassination in Algiers Thursday. Leaders of Egypt, Syria and Iraq announced Wednesday night agreement on union of their countries in a new United Republic.

## WEEK IN THE WEST

A 13-year-old Indian boy, lost in heavy bush for three days near the Yukon-Alaska border, said the survival of two Americans for more than 40 days without food gave him courage. Andy Lutz of Upper Liard referred to the survival of Ralph Flores, 42, and Helen Klatsen, 21, after their light plane crashed in northern B.C. about 1,600 miles northwest of Edmonton. "I was sure hungry, but I heard about those people being without food for so long and I knew I could last." The youngster was treated for frostbite of two toes. He became lost while rabbit hunting with his two dogs and was found by an RCMP search party and brought to Whitehorse hospital. "I wasn't scared," he said. "I've been hunting since I was a little kid." The boy shot a squirrel with his 22-calibre rifle and ate it raw.

About 500 students staged a noisy demonstration on the Edmonton campus of the University of Alberta to protest increases in rates charged for student residences. They marched into the administration building carrying placards and shouting slogans such as "Lower the rents" and "What's happening to our money." They later gathered outside the building to continue their protesting. The rates for about 500 students living in residences will be raised \$5 a month, effective in September. They now pay \$60 to \$75, depending on whether they occupy single or double rooms. It was the first increase since 1958 and was made necessary by rising costs of operation, said J. M. Whidden, university bursar.

# Local Hospital Will Receive Share of Bequest

Kelowna General Hospital officials have said they are "delighted" to learn of a bequest of \$125,000 to 100 hospitals in British Columbia. It is believed the Kelowna Hospital's share of the bequest is to be about \$12,500.

Hospital board chairman B. C. Weddell said:

"We are, of course, delighted. It will be of considerable assistance in our expansion program."

Hospital administrator C. F. Lavery said he could not be certain when the hospital would receive its share of the bequest but he said it would be "some time after April 15."

He said the hospital was "very grateful to receive it."

"It came as a bit of a surprise," he said.

The gift to B.C. hospitals was announced Thursday by Royal Justice and St. Joseph's hospitals in Victoria.

They named the benefactor as Randolph Bruce, former lieutenant-governor of B.C., who died in Montreal in 1942.

Officials said his fortune was left to his widow with instructions that on her death the money was to be shared among B.C. hospitals.

She died in 1982. Since then the Royal Trust Company has received a list from the B.C. Hospital Insurance Service of all operating hospitals in the province.

It was uncertain whether the \$125,000 share the bequest represents every hospital in B.C.

## April Unemployment Figures Show Increase Over March

There is an increase in the number of people in the Kelowna area seeking employment compared to last month, said Alex Haig, manager of the National Unemployment office in Kelowna, today.

The increase is mainly due to the spring break-up in the woods and some people coming into this area in search of summer work," Mr. Haig said.

"Present figures at the Kelowna office show 966 men and 866 women looking for work. These figures show fewer men unemployed than in the corresponding period last year, but the number of women unemployed is up 60."

"Men with unskilled occupations account for 344 of the unemployed men in the area. Agriculture has 87, there are 124 truck and tractor operators and the remainder are in miscellaneous occupations."

The largest percentage of the unemployed women are housewives. There are 445 in this classification. Ninety-three are unemployed because of food processing workers and the remainder are in clerical, sales and service occupations," Mr. Haig said.

"Increasing activity in the construction industry is evident by the low number of skilled workers registered at the Kelowna office. There are 75 skilled workers. 42 of these being carpenters. This figure is down from 124, the figure at this time last year."

These statistics apply to the Kelowna office area, which extends from Winfield in the north to Peachland in the south.

### MAYOR HONORS CITY EMPLOYEE

Long-time employee of the City of Kelowna, Alex Ruddle, receives \$100 cheque and letter of thanks from Mayor R. F. Parkinson at retirement ceremony. Mr. Ruddle worked for the city for a period of 23 years, during which time he amassed a total of 300,000 miles in two city gravel trucks.

—(Courier Photo)

## City Works Employee Honored On Retirement

A City of Kelowna employee for the past 23 years, Alex Ruddle, was presented a cheque for \$100 Thursday by Mayor R. F. Parkinson on the occasion of Mr. Ruddle's retirement.

During his term with city crews as a subforeman on the city's gravel trucks, he rolled up some 300,000 miles on two of the trucks.

Mayor Parkinson thanked Mr. Ruddle for his work for the city and said: "We're all very sorry to see you leave, Alex."

Mayor Parkinson also presented the retiree with a letter from the city, thanking him for his services and wishing him well.

Present at the brief ceremony were Ald. A. J. Treadgold of city council's works and services committee and city engineer Todd Lawrence.

Mr. Ruddle actually worked for the city for 28 years, but he spent five years as a part-time employee.

## Seattle Youth Centre Workers Impressed By Work In Kelowna

Youth development and guidance officials in Seattle are impressed with the work being done in delinquency prevention in Kelowna, said Tsungu Ikeda, youth centre director from Seattle.

"They're doing an outstanding job up there," Mr. Ikeda said.

Kelowna juvenile court judge Don White and probation officer Mr. White and probation officer Mr. White were in Seattle to study youth development, guidance and control activities in the American city.

The Kelowna visitors spent the day with Ikeda and Wing Lake, a Seattle councillor.

### City Tourist Booth Has Busy Friday

Eight cars from points both within and without B.C. stopped Friday afternoon at the Tourist Information Booth on Harvey Ave. Booth attendant C. M. Stinger said today.

He said 11 cars had topped at the booth this morning up until noon.

"I think the afternoon will probably be busier," he said.

Mr. Stinger said several people who had stopped for information inquired about accommodation for the summer holidays.

He said many of the cars stopping were from Alberta.

### Unsettled Weather Slated For Easter

Unsettled weather is expected in Kelowna and district during the Easter weekend according to the weather office in Vancouver.

Scattered showers are slated for the Okanagan later today, Southern Vancouver Island and the lower Mainland of B.C. are getting rain with another disturbance developing off the Washington coast.

### ATTEND CHURCH OF YOUR FAITH EASTER SUNDAY

VEN. ARCHDEACON D. S. CAMPBELL OF ST. MICHAEL'S AND ALL ANGEL'S ANGLICAN CHURCH in Kelowna is shown here in preparation for the church's Easter Sunday services. Kelowna residents are urged to attend the church of their faith Easter Sunday.

## Simulated Disaster Plan To Take Place This Month

On April 18, a simulated disaster will take place in Kelowna. The Emergency Planning Committee has arranged its own set of natural disasters, emergency ambulance fleet something that can happen at any time," said Harold White, chairman of the Emergency Planning Committee. "It doesn't necessarily mean it will be a nuclear disaster; it could be a bus crash, train accident, a plane crash, any one of these, up, will be mainly to find out if the hospital can handle a sudden increase of this size. There will be previous disaster was satisfied by hospital administrators and nursing directors from Lillooet 65 simulated injuries at Kelowna to Grand Forks, studying the transfer of the hospital by the hospital said the EPC chairman.

## Boys Club Women's Auxilliary Conclude Plans For Big Show

Plans for the annual Boys' Club Sports Show to be held April 18, 19 and 20, were finalized at the April meeting of the Women's Auxiliary to the Kelowna Boys' Club, held recently. Proceeds from the sports show will go to the Boys' Club.

"While the directors of the club have been planning the sports show, the Ladies' Auxiliary have been arranging for treats for the children attending the three-day show," said Boys' Club director N. D. Mullins today.

"Hot dogs, pop and coffee will be sold at the snack bar. In addition there will be a fish and chips stand."

The mother of each boy in the club has been asked to supply one item of baked goods. "The baking items will be sold in the home cooking booth. "Sport Show raffle tickets are available now from the directors and will be sold throughout the show," Mr. Mullins said.

A report from the Kelowna Pistol Club said that the club will not be performing any trick shooting exhibitions as reported in the April 9 edition of the Courier.

### Canine Classes Set For April 21

A dog obedience school will be started on April 21, under the sponsorship of the Kelowna Kennel Club.

"The classes will begin at 7 p.m. in the Centennial Hall. Classes in novice and advanced obedience will be given," said club secretary, Mrs. Pat Gould, today.

"In these classes, the owners train their dogs to heel, sit, stay, lie down and come when they are called."

"The only stipulation is that the dogs have their distemper-hepatitis shots," Mrs. Gould said.

Future plans include a field trial in May, a picnic obedience trial in June and then the big obedience show in July.

### Funeral Monday For M.J. Evans

Funeral arrangements were announced today for the late Maurice (Bill) Evans of R.R. 4 who died at his home Wednesday.

Pallbearers will be: Dr. J. A. Rankine, Lt.-Col. J. H. Horn, E. C. Maile, R. H. Hedley, Lt.-Col. J. D. Gemmill, R. P. MacLean, N. Van der Vliet, and C. R. Reid.

The funeral service will be held at Day's Funeral Home at 2 p.m. Monday. The Rev. E. H. Birdsall will officiate. Cremation will be in Vancouver.

### SPRAYER MANUFACTURING INDUSTRY EXPANDS IN WINFIELD

Len Michalkow, purchasing agent for A and S Manufacturing, indicates one of the outstanding features of the larger model of Swanson sprayer. These are the electric valves to control spraying. This model weighs 2,875 pounds, has a double cooling system and is run by a V-8 engine. The sprayer has a top spraying distance of 120 feet and develops wind up to 160 miles per hour. The radiator and pumps are the only items imported. Mr. Michalkow said the company will be building an additional assembly shop to accommodate the steadily increasing number of requests for the sprayers. Work is presently under way on a new point shop.

# Sunrise Service At City Park Greets Easter

More than 300 people are expected at tomorrow's Easter Sunrise Service, being held this year by the Ministerial Association for the second year.

The service, to be held in the Park Oval, will begin at 7 a.m.

## Bethel Choir Hold Concert

The Bethel Choir and string orchestra from the Fraser Valley will give a concert in Kelowna on Saturday, May 4 at 8 p.m. in the Kelowna Community Theatre.

The choir, now in its twelfth season, is under the direction of Menno Neufeld. The choir is accompanied by the Fraser Valley string symphony, conducted by Walter Neufeld, brother of Menno.

The choir was organized in 1951 with members of every walk of life," said W. J. Goertzen, spokesman for the Okanagan Sacred Choral Music Society, the group sponsoring the choir's concert.

The Valley String Symphony is a young student orchestra with 80 members. The symphony was started 20 years ago by Walter Neufeld.

"It is hoped that all those who wish to attend will be able to with the Community Theatre being made available. Two years ago many were turned away due to lack of room," Mr. Goertzen said.

## Kelowna Man Critically Hurt

SUMMERLAND (Staff) — A Kelowna man, Adolph Fred Siebel, 45, was taken to a Vancouver hospital Wednesday after he was critically injured in a motor vehicle accident one mile north of Summerland.

Mr. Siebel, whom police believe was the driver of the car, was suffering head injuries.

Two other passengers in the car, Gary Wilson Thompson, 17, of Park Ave., and Peggy Constance Dent, 16, were both reported by Summerland Hospital authorities to be "improving well."

Mr. Thompson was suffering internal injuries and Miss Dent had extensive road burns.

RCMP said the accident occurred when the car struck a rock bluff after going out of control.

## No Council Meeting On Monday Night

The regular Monday city council meeting will be postponed said Mayor R. F. Parkinson today.

"We're not sure whether or not we will have a meeting on Tuesday either, it will depend on how much comes up."

"The meeting may be held later in the week or next Monday," Mayor Parkinson said.

## Kamloops Council Votes Approval

KAMLOOPS (Staff) — Kamloops city council has voted approval for a Kelowna plan to set up regional planning in the Okanagan-Mainline area.

The resolution, adopted at a special meeting in Kelowna 10 days ago, asks the provincial government to start a real estate planning program in the Valley, where the government paying per capita contributions for unorganized areas in the Valley.

The regional planning board, under the terms of the resolution, would contribute on a per capita basis for organized areas.

Mayor R. F. Parkinson said today he hopes other municipal councils will lend support to the plan. He said Kelowna council had passed the plan at their Monday night meeting.

## MOST BUSINESSES OPEN ON MONDAY

Kelowna's banks, City Hall and provincial buildings will be closed Easter Monday, April 15.

The Kelowna Post Office will be open from 8 a.m. to 12 noon and there will be one mail delivery in the morning. Milk deliveries will be carried on as usual.

Most cafes, garages, drug stores and grocery stores will be open on Monday.

Livestock premises throughout the city will also be open Monday.

If weather conditions prevent the service had been held under the auspices of the Grace Alliance Church.

All city churches will be holding regular services Easter Sunday and at least one church has planned a special service—an all night vigil with scripture and Easter Cantata. "The Living Redeemer" at the First Baptist Church.

The Inter-Church Choral Society will be held at 9:45 and service by Isaac Epps.

Rev. Schreveler, who is president of the Ministerial Association, said he expected more will be conducted Easter Sunday than the service last day at 7 a.m. with a jubilee year to attend Sunday's special congregational service at 9:30.

A special Easter service will be held in the Anglican Church at 11 a.m.

The special Easter Sunrise Service was held by the Mip-Catholic Church will be conducted for the first time at 7, 8:30, 10 and 11:30 time last year. Prior to that, it was at 11 a.m.

## Most Smokers Kick Habit During Five-Day Course

Few of the 50-odd participants in the second five-day no smoking plan completed Thursday night have fallen off the no-smoking wagon, Pastor L. R. Krenzler said today.

"The majority of those taking the course seems to be doing quite well," he said. "Some have smoked a little, but not too much."

Pastor Krenzler said, this five-day plan, the second held in Kelowna this year under the auspices of the Seventh Day Adventist Church, "closely paralleled the first course."

He said, "symptoms of nicotine addiction among those taking the course began to disappear during the fourth and fifth day." "The symptoms," he said, "included headaches, fuzzy feeling, inability to think clearly, nausea, improved appetite."

"Many of the people trying to kick the habit were somewhat irritable for the first three days of the course."

"Three participants in the first course held in Kelowna returned to the second course to give their testimonials as to its effect. All three agreed they felt better and they said they had gained no more than three or four pounds since they quit smoking."

"The strengthening of will power can be used to overcome the tobacco habit as well as controlling appetites for weight control," Pastor Krenzler said.

He said, "it was likely there would be a third five-day course in the city this fall." He said also a "follow-up" meeting for participants in both courses is being planned.

## Kelowna Rotary Club Sponsor Fellowships

The Kelowna Rotary club will be sponsoring Rotary Foundation Fellowships for one year of study abroad, president S. V. Hubble said today.

The awards, for which applications are now being accepted, are for the 1964-65 academic year. The Fellowship awards are for graduate study and include all transportation, education, and living expenses, in addition to a limited allowance for travel within the country of temporary residence. The application deadline is April 15. Expenses are paid by Rotary International.

The applicant sponsored by the Kelowna Rotary club will be considered along with candidates sponsored by other Rotary clubs in this district which includes 25 clubs.

The Fellowships fall into the categories of regular and additional. The regular fellowship is available to unmarried men, 20 to 28 inclusive, who hold a college degree or will hold one by the time the Fellowship is to begin. They must be able to read, write and speak the language of the country in which they will study.

The advancement of International understanding is the purpose of this Fellowship.

Men and women with college degrees may apply for the Additional Rotary Fellowship. There is no maximum age limit for this type of Fellowship and language requirements are less stringent. This grant is awarded for study only in certain countries.

Since 1917, the Rotary Foundation Fellowship program has awarded more than 1,700 Fellowships to students in 70 countries. Awards average \$2,000 and total grants have been in excess of \$4,500,000.

Eligible residents in this community may learn more about these fellowships by contacting C. E. Ducharme, 1679 Abbott St.

## Okanagan Spray Industry Now Transcontinental

WINFIELD (Staff) — A business which started as an Okanagan industry has become, in a few years, a \$200,000-plus transcontinental business.

This year, about 100 custom-made "Swanson Sprayers" will be turned off assembly lines at the A and S Manufacturing Company's Winfield plants.

The sprayers, capacity of which ranges from 150 gallons for the smallest model to 500 gallons for the largest, are sold all over North America, according to purchasing agent L. G. Michalkow.

Mr. Michalkow said the latest Canadian market for the sprayers was still the Okanagan, but U.S. orchardists are buying the company's largest machine.

Mr. Michalkow said the machines take from three days to a week to construct, depending on size and specifications. But during that time, the tanks are rolled from Winfield, the edging is built, a V-8 or six-cylinder engine is installed and the and costs.

All parts for the sprayers are made in the Winfield plants, with the exception of cast aluminum cooling fans. The fans are imported, but Mr. Michalkow said all balancing and machining of them is done in Winfield.

He said the machines develop a wind of 100 miles per hour at the back of spray nozzles. They have a range of two fruit tree rows on each side or a 120 foot wide spray range.

The Winfield plant employs about 11 men.

A and S Manufacturing took over production of the sprayers last September from the machine's inventor, Al Swanson.

INTOXICANTS FINED

In magistrate's court in Kelowna Saturday, S. F. Doherty was fined \$150 and costs for driving while intoxicated. C. H. Wills of Kelowna pleaded guilty to being intoxicated in a public place. He was fined \$10 and costs.

**SATURDAY, APRIL 13, 1963 - PAGE 4**

## VERNON VIEWPOINTS

Spring has sprung in many places, but not at Vernon's famed Silver Star ski haven.

During the week, six inches of new powdered snow was reported, and skiers are having a ball. Special buses are arriving this Easter weekend from the coast, and it's always a mixed sight to see skiers and their equipment on Barnard Avenue while the short sleeve crowd begin to push the season.

The Medical Clinic in Vernon isn't missing a bet. None of this missing telephone calls for them... or is there? Listed in the 1963 telephone directory: "Private exchange connecting all phones—542-4321. If no answer call—542-4321." Now what happens if there's no answer at no answer?

Loggers especially but everyone in the Lumby area wonder how, even with the greatest stretch of imagination can call the Shuswap Hill part of Highway six.

Experienced drivers say the hill is treacherous with pot holes and should be repaired without delay. Village councils in the area have notified the department of highways... but nothing yet!

Kids are urged to get out and play minor baseball this summer if they're so inclined. Registration night will be held Tuesday at 6:45 p.m. in MacDonald Park.

Parents are also asked to turn out and cheer for the lads on the diamond. There's nothing like a bit of applause for the player whose bat connects.

More on the high rise apartment for Vernon? Well, not officially. But only a miracle can prevent the six-storey building from going up. We understand the plans are drawn... feasibility reports look good, and the location is almost set, which is west of Schell's Motel by the way.

Would you pay \$11.50 for a Blue Ribbon Sirloin steak for one? Pretty high isn't it? Friend of ours sent on the menu, a la carte menu to be sure, of the Court of Two Sisters, a fabulous bistro in New Orleans, where those who can obviously afford it dine.

The place hasn't gone wanting for customers... it's been in business for more than 100 years.

But oh those prices...

Most of the menu is in French, but when translated comes out this way... broiled loin pork chops, applesauce — \$8.50. Broiled double French lamb chops, garnish, mint jelly, \$9.00. Even the fish dishes are from another planet... the price anyway. Whole stuffed gulf flounder 12.50... Tropical lobster broiled, \$13.00... shrimp creole with steamed rice 12.50.

Vegetables extra but it's assumed they supply the bread sticks. Cheapest soup in the joint is \$1.25. Thank goodness gracious dining hasn't found its way to Vernon, that is if you consider those prices gracious.

**NAVY PLANS WELCOME**  
PORTSMOUTH, England (Reuters)—The Royal Navy is having on a warm welcome for Miss Mary Panggoosho, 23-year-old editor of Inuktitut, Canada's only Eskimo—language magazine, when she visits this naval port next Thursday. It was announced Thursday, Miss Panggoosho, the first Eskimo to visit Africa is on her way home after a lengthy stay in Ghana and Nigeria lecturing on life in the Arctic.

10440-10450, 10450-10460, 10460-104

Scripture—Mark 15:42-16:8

After Christ had died, a respected Jew named Joseph of Arimathea went boldly to Pilate and asked for his body. Pilate, after verifying Christ's death, granted his request—Mark 15:42-45

Joseph wrapped Christ's body in a linen shroud and took it to his own nearby tomb, freshly cut from the rock. Then he rolled a very large stone in front of the entrance—Mark 15:46

Sunday morning early Mary Magdalene, Mary the mother of James, and Salome came to the tomb with costly spices to anoint the body. To their amazement, the stone had been rolled back—Mark 16:1-4

Inside sat a white-robed angel, who told them that Christ was no longer there, for He had risen from the dead as He had prophesied—Mark 16:5-8

## Church Family Are Colemans

RAFAH, Egypt—Capt. Harold R. Coleman, of Midland, Ont., Protestant chaplain for the Canadian contingent of the United Nations Emergency Force, has been conducting services in the Chapel of the Good Samaritan at Camp Rafeh for the past two months. Not his Canadian, Indian and Scandinavian parishioners were surprised, a recent Sunday when a different Captain Coleman delivered the sermon.

He was Harold's younger brother, Lyman, who was on a two-week visit to UNEF. His home parish is with Canada's NATO Brigade in West Germany where he administers to the spiritual welfare of the 1st Battalion, The Royal Canadian Regiment.

The church-goers would have been even more confused that Sunday if all the Coleman family had visited as a group.

Head of the family is Canon S. H. Coleman of St. Margaret's Anglican Church, New Toronto. The oldest son is Bishop William R. Coleman of Kelowna, and another son is the Reverend Kenneth A. Coleman of the Diocese of Annapolis in Punjab province, India. The last time they all met together was in May 1962 when Lyman was ordained.

## Monk Hopes To Head Probe Into Jungle Of Cannibals

LA PAZ, Bolivia (Reuters)—A Franciscan monk is preparing to penetrate a remote Bolivian forest inhabited by the once-cannibalistic Ayoreo, the nation's oldest and most primitive tribe.

German-born Father Elmar Klager hopes to civilize and convert the savage tribesmen with the help of Roman Catholic volunteers in his group. Two Italian visitors here are going with the party for the adventure.

In addition to trying to bring Christianity to the fierce Ayoreo, the expedition will conduct ethnological studies. The tribe is of such ancient origins that a knowledge of its beliefs and customs may provide a valuable contribution to the history of man's development.

The Ayoreo live about 150 miles from San Jose in dense forest close to the Brazilian frontier.

Many tribes live in this im-

mon jungle. Some have been incorporated into civilization, others are only semi-civilized. The tribal warriors use bows and arrows as their main weapons.

## Rare European Accord On Message By Pope

LONDON (CP)—Virtually all Communist parties—praise the political factions in western Europe's views on peace and Europe unite in rare agreement of change.

Thursday in praise of Pope John XXIII's new encyclical, "Pacem in Terris," the highest Catholic authority.

Left-wing and Communist newspapers were as quick to praise the message as the largest mass media, and jump into print with favorable by the same token, favor action responses as were Conservative and Roman Catholic newspapers.

L'Unita in Italy and L'Espresso in France—the organs of the western European's two biggest "biggest" between East and West.

Australia's Communist Voice—praises the "Pacem in Terris" and Drafeau Rouge in Belgium runs a full report stressing the Pope's remarks on nuclear weapons and tests.

"This encyclical," says the Belgian Communist paper, "is a testimony to the efforts undertaken to widen or adapt the man Catholic doctrine to the social demands of our time."

Non-Communist opinion was struck by the encyclical's wide appeal to all men of good will—the first time in history such a paper letter was addressed to non-Catholics as well as Catholics.

"Though the Pope speaks directly to those of his own obedience," said London's Conservative Daily Telegraph, "his argument is framed to persuade men of all religions or of none."

The authoritative Times says part of the letter contains a distinction by the Pope between the theory and practice for communism.

It said this and several other passages are "likely to cause daily headlines in countries where the church is deeply embedded in politics."

The left-wing Daily Herald mentions the encyclical, "pacem in terris" (peace on earth), possibly indicating the

Kremlin is studying it. The Soviet news agency Tass carried a brief digest in its overseas service emphasizing the call for a halt in the arms race and the danger of nuclear war.

THREATENS MANT Yaw, a crippling disease, threaten had the children in some of the world's tropic areas.

## Churches Around World Marking Easter Today

VATICAN CITY (AP)—Holy end of the passtime and the Saturday services commemorating the resurrection of Christ. The Easter story is being celebrated in churches around the world today as the end of Lent and joyous celebration of Easter drew near.

A highlight of the day was Pope John's scheduled annual Easter message to the world. Vatican sources said he would discuss his new encyclical "Pacem in Terris" (peace on earth) and express the wish that its main balcony of the basilica call for universal peace be his Easter gift to the world.

The Lenten period of penitence ends at midnight with the start of Easter Sunday when the bells of Rome's 450 churches peal out in joy.

In the huge St. Peter's Basilica and Roman Catholic churches everywhere, candles are lit at the church doors to symbolize that the light of the world—Christ—still lives.

The purple mourning veils of the last days of Lent are removed from the statues and altars, and 8,000 other persons crucifixes. Altar bells and tower attended the solemn services in bells sound out to signal the St. Peter's.

HEADLINE REPORT In Yugoslavia Politika, the Communist country's largest daily, headlines its report from Rome: "Pope John XXIII demands strengthening of UN."

Soviet newspapers make no mention of the encyclical, "pacem in terris" (peace on earth), possibly indicating the

## Small Group In Church Hall Hear Gambling Confessions

SAN FRANCISCO (AP)—A group of 40 people spread throughout the city, some 30 stood before a small group gathered in the basement of a church and calmly told of having fledged his widowed mother out of the life savings she had "gathered a nickel at a time."

In a conversational tone he told of squandering the money in a poker game.

Next, a middle-aged businessman told of cheating customers and creditors to finance his unrequited love for roulette.

Still another said he forced his wife and child to exist on a diet of "red beans and rice" while he sat across the table eating the same things with enough money in his pocket for filet mignon.

"I couldn't touch my law," he told the group and they nodded in mute agreement. The law, in gambler's language, is betting capital.

As each speaker introduced himself he was given a warm round of applause followed by another hand when he sat down after telling his story of "lies, loans and larceny."

FORMED BY PAIR The listeners were all familiar with the "three L's" of the strange affliction called compulsive gambling.

This was a meeting of Gamblers Anonymous, an organization formed in Los Angeles—ironically on Friday the 13th of September, 1957—by two compulsive gamblers. On the verge of economic and moral bankruptcy, they joined forces to lick the better's disease that had them licked individually.

Since that time the organization has grown in membership from more than 500 members of the frozen food.

### SUNRISE IN HOLLYWOOD

This is the city where pretense is a profession... where emotion is an art. This is Hollywood's famous Bowl at sunrise on Easter morning.

Thousands raising their hearts and prayers to the Lord of Reality... of Truth!

Don't be deluded by the artificiality which sometimes claims the center of life's stage. There is a hunger in the souls of men which our air of well-being cannot hide. There is frustration, futility, despair—and man's calculated unconcern cannot disguise it.

To our churches—to worship, hymn and prayer—we turn when we tire of dreaming and pretending. Can we claim any glory greater than that we are the children of God? Can we own any allegiance bolder than that we are the disciples of Jesus Christ... Risen, Victorious?

Easter is the climax of life's drama... on which the curtain never falls!

**ATTEND THE CHURCH OF YOUR CHOICE**

Read The Daily Courier Church Announcement for Times of Services and Religious Activities

Trees offer protection and value and thus are not only objects of aesthetic interest, they also afford shelter from all kinds of weather. Trees enhance the value of any property and are well worth the little care and attention they need.

## Shade Protection, Beauty Gift Of Tree Around Home

Have you ever stopped to realize the value that trees have in our community?

Trees add to the overall beauty and comfort of a residential area. They provide the relief and contrast necessary to avoid the stark, barren appearance common to many housing developments.

They provide shade during the very warm weather and protection from cold winds during the cooler seasons.

They enhance the value of any property and are well worth the care and attention they require.

It is worthwhile for you to protect the existing trees on your lot from damage during construction. This can be done by building a temporary barricade around each one. The land unnecessary for the builder's operations can be fenced off. The construction should be carried out with the protection of the trees in mind at all times.

## Landscaping Backed By Many Points

The vast demand for home landscaping in recent years is evidence that home owners everywhere realize both the necessity and aesthetics of having a more livable home property. Use of the whole property in which to live, instead of just the house apparently satisfies a family need for living more naturally and comfortably amidst lovely trees and shrubs in a garden atmosphere.

The Canadian Association of Nurserymen numerically lists the values of home landscaping as follows:

1. It increases the resale value of the home materially, up to 50 per cent in exceptional cases, around 20 per cent on the average for a good planting.
2. Home landscaping is a sound investment increasing in value as the trees and shrubs grow. A small tree may cost only \$5 or so. Ten to fifteen years later the same tree may be worth \$100 to \$200, or more depending on the variety. The value increases every year as the tree grows.
3. Landscaping gives the home beautiful "lived in" look.
4. It provides pleasure and entertainment via outdoor, or "garden" living room or terrace.
5. It provides lovely flowers in spring and fruits at harvest time.
6. A lovely planting increases the respect of neighbours and gives the whole family more pride in their home.
7. It provides more natural relaxation and peaceful rest amidst trees and shrubs.
8. It offers lovely cut flowers to enliven dining tables and the indoor, generally.
9. It makes the property cooler in summer by means of shade and vegetation generally.
10. It provides privacy in a crowded world.

If you buy a lot which is treeless, it will be worthwhile importing a 30-foot tree to produce immediate shade. Such a tree will not be unreasonably priced and will be an immediate asset to your property. Trees of this size existing on the property can be moved with good success to a desired location by a competent landscape contractor.

Trees of the flowering variety such as cherry, flowering crabapple, and flowering shrubs are obtainable for a very small sum and can be planted at strategic positions to provide additional interest and beauty.

In selecting trees for planting avoid those which seed profusely such as chestnut, Manitoba maple and tree-of-heaven, because the seedlings have to be destroyed continually. Avoid planting poplars close to the house or sewer lines because their roots can clog drains and damage concrete walls. Coniferous trees, or evergreens, provide a permanent windbreak to cut winter winds velocities and may reduce fuel consumption.

### NOT A JUNGLE

A few trees properly placed and not a jungle is what you want on your lot. Too many trees provide dense shade and discourage the growth of grass and plants. Only a few ground cover plants, such as Periwinkle and Japanese spurge will thrive in deep shade. On the other hand it is desirable to introduce a reasonable amount of shade in order to protect the house from the sun's hottest rays during summer.

To save trees you must devote time to proper planning. Planning cannot be an afterthought. It must be part of a program from the beginning. Careful consideration should be given to the location and full grown sizes of trees. Healthy trees should be marked to be saved unless they constitute a nuisance or a potential danger. Trees can be removed where they are too thickly grown. The grade of the property should be planned to conform to the elevation of the trees in order to prevent cutting of the roots or excess piling of soil about the tree.

## STUDY HORTICULTURE

BY CORRESPONDENCE

The Ontario Agricultural College, Guelph, offers courses in horticulture for both the Home Gardener and Professional Horticulturist. More than 800 adults have already availed themselves of the opportunity to enroll in one or more of our home study programs.

There are three type available:

1. A 9 month course for the Home Gardener for \$49.50.
2. A 3 year course for the Commercial Horticulturist with an annual tuition of \$117.00.
3. A choice of selecting one or more subjects from a group of fifty designed specifically for the commercial horticulturist at a cost of from \$35.00 to \$50.00 per subject.

## Roses Perform Mightily In Beautifying Gardens

Plan just a few roses on your property and it's uncanny how they must attract attention and admiration. The unchallenged aristocrats of the garden have a natural talent for creating a center of splendor wherever they grow.

Yet as commanding as a few roses can be, when used liberally they convert almost every area around your home into a panorama of beauty and charm.

Today's roses are superb landscaping plants. They perform with distinction and function. Roses are difficult to surpass for continuous color and bloom from Spring through Fall, for adaptability to your landscape needs and for the endless delight one derives from just being surrounded by their exquisite charm.

TO GIVE roses a mission in your outdoor living, merely assign them any number of landscaping tasks. There's a class of rose and color that will do the job admirably. Here are just a few ideas.

If your home has a picture window, roses can figure prominently in creating a lovely scene for repeated viewing from inside the house. Just a dozen hybrid teas or floribundas arranged in two rows of six plants set back below the picture window or any large window wall, will bring the beauty of the bushes right into the living room.

The two 1963 All-America Roses, vibrant orange-red Tropaeana or the delicate shell-pink colored Royal Highness would be hard to beat in this application. Both are lustrous, exuberantly growing hybrid teas with flowers of very special coloring. They deserve a place where you can see and enjoy them often.

HYBRID TEAS, floribundas, or the taller growing grandifloras are all splendid for foundation plantings all around the house or as color accents in plantings of otherwise monotonous green shrubbery.

The naked expanse of a high

screen fence will assume new interest and color when used as a backdrop for a bed of roses. All types of roses, including climbing, perform outstandingly in this assignment. Quite at home against a high fence, or forming its own hedge or screen, are the grandifloras.

Plantings of John S. Armstrong, a free-flowering grandiflora and a 1962 AARS winner, will serve smartly against a lightly colored wall or screen. Its dark, velvety-red blooms, which are produced generously in clusters, will cast a dramatic stunning effect.

FLORIBUNDA ROSES, with their masses of brilliantly colored blooms in every conceivable hue, are prime choices for plantings between the terrace and house wall or as boundaries between driveways and lawn. Excellent varieties for this mission are Golden Shippers, a 1962 AARS winner which produces vivid orange and gold flowers, or the All-America varieties Fire King, a bright vermillion, and Sarabande, a sparkling orange.

Floribundas are notably suited for a row of plantings on either side of a walkway to the house accentuating the long, graceful curve of walk. They break-up the wide sweep of lawns with a shower of color and a cheerful welcome. Try floribundas, too, as a low border in front of stately evergreens for vivid color highlights.

ROSES ALSO make congenial bedfellows with other flowers. You can mix or match their colors with perennials, annuals and bulbs. There are so many roses of different colors that the harmonious of contrasting

effects to be achieved are almost endless. Try lush orange-red Tropaeana combined with brown toned Mrs. Gorgeous, pink toned Royal Highness matched-up with blue violas.

Ring roses around permanent ornaments in the garden. Three or four floribundas will perform a colorful job around flagpoles or light poles. A circular or rectangular grouping of six hybrid teas or floribundas provide the color and foliage necessary to encircle a garden bath or sundial.

Hybrid teas and floribundas can readily create centers of

color and interest in otherwise naked areas. Notch a circular bed for roses, for example, right into the edge of a terrace paving or into a broad expanse of lawn located in front or in back of the house.

WITH SPRING planting here, it's the perfect time to add roses in generous profusion into your landscape picture. In a matter of weeks when the bushes are dressed in their glorious finery, the rewards of roses in your landscape will be visible indeed. You'll need no further proof that roses most definitely "belong" — almost everywhere.

## HOW TO IMPROVE YOUR GARDEN

### AIDS TO AILING HOMES

#### REDWOOD CABINETS

QUESTION: We are planning to have redwood cabinets installed in our kitchen. What kind of protective finish can we apply so that moisture does not turn the redwood gray? I prefer a slight shine on the wood.

ANSWER: Redwood turns a soft gray when exposed to moisture and sunlight outdoors; left without any finish treatment indoors, the wood mellows to a slightly deeper tone with the years. Applying one or two coats of clear, dull white lacquer, the type used to cover wallpaper, to the cabinet surfaces will cause no perceptible change in the original color. For a slight shine, apply one or two coats of top quality wax.

A cream, clean-up wax, made by a nationally known manufacturer, is excellent to use on the redwood, as it removes surface grime and leaves a protective coating at the same time.

#### DULL CONCRETE

QUESTION: We have a fair-

sized partly enclosed porch at the rear of our house. We don't like the dull grey concrete floor. Is there any way to color or paint this?

ANSWER: Yes. A latex-vinyl preparation in a choice of five colors, is available at some large paint dealers and masonry supplies stores. It is self-bonding and easily applied. Or paint the floor with rubber base floor paint.

#### SIDING SHINGLE OVERLAP

QUESTION: How much overlap should there be in shingles used for siding? We are considering having our house shingled and wonder how to estimate how much we need.

ANSWER: Several factors determine the amount of shingle overlap: shingle size, whether to be in single or double course, design or pattern. Manufacturer's instruction sheet for application are usually available from dealers; he can also help you in estimating the quantity. Overlap is reduced if the shingles are double course. Be sure to use rust-resistant or zinc-coated nails.

## THERE'S A WHOLE OF A DIFFERENCE BETWEEN AVERAGE AND EXCEPTIONAL GROWTH!

### BLUE WHALE'S THE BIG DIFFERENCE

Get to the root of the matter with Blue Whale, the 100% organic plant food, soil builder and conditioner. Blue Whale is digested whole Whale bone and Baleen and is superior to Hoof and Horn in calcium and protein content.

Get abundant fruiting and flowering with liquid Whale soluble plant food. It mixes with water, will spray through most sprayers, and sticks to soil particles and therefore will not leach through the earth.

Get the whole story on Blue Whale and the complete line of Blue Whale products at

...and isn't it time you respected them?*

**BE EAGER AT EASTER! DON'T LET DEATH BE A FEASTER!**

## Dodger Boss Concerned After Win Over Colts

"I'm a damned sight more concerned about this club scoring some runs than I am about winning," said Walter Alston, managing manager of Los Angeles Dodgers.

He had better be. The Dodgers may not be hitting as well as they're certainly not hitting, period.

Alston made his remarks about clubhouse reports before the Dodgers took the field against Houston and reaped Dick Farrell for only four hits and one run in 12 innings as the Colts squeezed out a 2-1 victory Friday night.

Alston may be concerned about a team that has managed only 21 hits in four games, but if the results of the first 30 games of the season are any indication, he's not alone.

In the only other game scheduled Friday, Kansas City's Ed Rakow allowed only two hits as the Athletics won for the first time this season, 6-0 over Minnesota Twins. The Colts' victory also was their first.

The Dodgers' measurable were still trying to find out how to score runs after the tight struggle that for eight innings seemed a pitchers' battle between two of the game's biggest stars, Farrell and Bob Miller.

Farrell, 19-20 last season and a loser in the Colts opener, and Miller, 1-13 last year with New York Mets were locked up in a scoreless duel until Miller left in the eighth when the Colts threatened.

The Dodgers scored first, pushing across a run in the top of the ninth on Frank Howard's run-scoring single, but the Colts tied it in their half on Carl Werwick's single.

Then, in the 12th, Homey Goss, recently acquired from Pittsburgh and hitting .444, wrapped the game up for Farrell. Goss, who beat out three singles in failing to get the ball out of the infield in five previous trips to the plate, came up with the bases loaded. He lashed an Ed Rakow pitch down the third base line sending Al Spangler across with the deciding run.

## Canucks Blank Totems 6-0 Maloney Leads The Way

It was a big night Friday for Vancouver Canucks and their first-line centre, Phil Maloney. Maloney, 15, just named the Western Hockey League's most valuable player of the year, assisted on two goals as Canucks blanked Seattle Totems 6-0 for a two-game lead in the best-of-seven Northern Division finals at Vancouver.

A crowd of 5,200 saw Canucks take a two-goal second-period lead and add four more in the final.

Bob Kabel and Buddy Boone, had two goals each. Maloney assisted Boone each time. Rookie Trent Beatty and defenceman Marty Howe got the other goals.

### ALL PLAY TONIGHT

The teams move to Seattle for games tonight, a 6 p.m. Sunday night. The winner meets the Southern Division champion — either San Francisco Seals or Portland Buckaroos — in the final.

In the Southern series, the Bucks took the first game but lost the next two. The Seals and Bucks meet in San Francisco tonight.

Boone scored at 4:19 of the second and Howe added another at the 13-minute mark. Beatty got his at the four-minute mark of the third and three quick ones followed.

Kabel scored at 11:18. Boone at 12:10 and Kabel got his second little more than a minute later.

Only three penalties were called.

## Taylor Elected Oceola President

It was decided at the first meeting of the Oceola Fish and Game Club that a practice trap shoot would be held the first Sunday in each month.

The meeting was held at the home of Mr. Les Chato with all members present, the following officers were elected and committees were set up; president, Ron Taylor; vice president, Art Pollard; secretary, Sax Koyama; treasurer, Frank Arnold.

Trap committee, Art Pollard; Matt Kobayashi, Frank Arnold; twenty-two committee, Vergil Willett; advertising and public relations, Frank Arnold; banner committee, D. H. Lodge; Les Chato; membership committee, D. H. Lodge, Fish and Game committee, Vergil Willett, reloading committee, Ken Nuysen.

Membership tickets can be obtained from any member of the executive.

## Maroons Win 5-3 Tie Allan Cup Series

SASKATOON (CP) — Winnipeg Maroons gained the upper hand with an early goal Friday night and went on to defeat Saskatoon Quakers 5-3 and tie their best-of-seven western senior hockey final 3-3.

The deciding game will be here tonight.

Maroons grabbed a 1-0 lead when the first period was just more than a minute old. They led 2-1 at the end of the period, and 3-2 at the end of the second.

The final Winnipeg goal was scored into an open net after Quakers pulled goalie Don Campbell for the last minute of play. It was Maroons' second straight victory.

## Olds Edge Chiefs 4-3 IN Puck Series

OLDS, Alta. (CP) — In a closely fought battle that stretched into two periods of overtime Olds edged Kamloops Chiefs 4-3 Friday night, and took a 2-1 lead in their Western Canada intermediate hockey final.

Fourth game in the best-of-five series will be played tonight in Olds.

PAGE 10 KELOWNA DAILY COURIER, SAT., APRIL 13, 1963

## COMMERCIAL GOLF TOURNEY SLATED FOR KELOWNA IN MAY

May of this year will mark the 24th year that the Commercial Men's Association have held their Annual Golf Tournament. These golf tournaments formed in 1939 have been held alternately in Kamloops, Penticton, Kelowna and Vernon, being in Penticton last year and Kelowna this year.

In 1952 the Commercial Men's Golf Association felt the need to do some worthwhile charitable work at the same time as they were enjoying the fellowship of the golf tournament. They decided they would use the tournament as a means of raising funds for charity.

The first year \$100 was donated and last year in Penticton \$720 was donated to the Crippled Children's Summer Camp and \$480 to the Diabetic Children's Summer Camp. This \$1,200 was given on behalf of the Commercial Men's Golf Association and the host club (the Penticton Golf and Country Club).

The annual golf tournament will be held at the Kelowna Golf and Country Club this year on May 18, 19 and 20 and an entry of over 128 golfers is expected from many points throughout British Columbia.

This tournament is open to any amateur golfer in B.C.

## Pacific Coast League Opens With Three New Teams

The Pacific Coast League has developed a middle-age spread to go with its 60 years, but when it opens the 1963 season today there will be new blood coursing through its veins.

Three new teams — Denver, Dallas-Fort Worth, and Oklahoma City — have joined the league, which will operate this year with a Southern and Northern Division of five teams each.

The newcomers were orphaned by the collapse of the American Association.

For opening day ceremonies, the Oklahoma 89ers have provided fireworks and at the other end of the 4,000-mile circuit the Hawaii Islanders are predicting a record crowd of more than 10,000.

The first game gets under way in Denver at 2:30 p.m. with Spokane furnishing the opposition. Eight hours later the Islanders will take to the field to start their game with Salt Lake City.

Some pre-season prognosticators are picking Oklahoma to edge out San Diego, last year's PCL champs, for the Southern Division title and Tacoma's Giants for the Northern crown.

Other Southern teams are Dallas-Fort Worth, Denver and Salt Lake. Seattle, Spokane, Portland and Hawaii join Tacoma in the Northern loop.

In addition to Spokane at Denver and Salt Lake at Hawaii, the other openers are Seattle at Oklahoma City, Portland at Dallas-Fort Worth and Tacoma at San Diego.

## PROSPECTS SEEM GOOD

Prospects for the world's most wide spread baseball loop appear good. PCL president Dewey Soriano has predicted an attendance of 1,600,000 compared with 1,100,000 in 1962. And the operation of two divisions will mean less travel time for some teams than they logged in last season's eighteen league.

## DISMISS CHARGE

HALLIFAX (CP) — Magistrate J. D. Murray Thursday dismissed manslaughter charges against dock worker Ross G. Nixon, 42, in connection with the death March 3 of a New York woman, Helen Smith, described by police as being middle-aged, was found lying on a pier on the Halifax waterfront. He died a short time later.

Nixon was arrested several days later.

## "Not Hard Enough" Says Bill Gadsby

TORONTO (CP) — Bill Gadsby will have to put more oomph into his toughchans if he wants to convince Toronto Maple Leafs of a theory he promulgated after the first game of the Stanley Cup finals.

The Leafs had just beaten Detroit Red Wings 4-2 Tuesday night when the veteran Red Wing defenceman said in answer to a question about how Detroit would fare in a hitting hockey game.

"Hit? Who hits for Toronto?" Baum maybe, and he runs at you. We've got the guys who can hit."

Thursday night the clubs met again with the same result—a 4-2 Leaf victory that gave them a 3-0 lead in the best-of-seven final. Apparently Gadsby and the Wings didn't hit hard enough.

The Leafs prob-poached Gadsby's theory Friday as they sat in the dressing room after a practice in preparation for the third game in Detroit Sunday night.

"I don't see them doing it," said defenceman Bobby Baum. "They'll have to prove it to me."

BREWER AGREES

Carl Brewer, Baum's rear-guard partner, agreed.

"Whom have they got that

BILL GADSBY ... More Oomph

"That's very nice of him. Print it!"

## LACKED EXCITEMENT

Except for some excitement provided by Ed Litzenberger and Ron Stewart of the Leafs and Gordie Howe of the Wings, there was little to recommend Thursday night's game. Most of the 14,071 fans would have been pleased with some solid hitting, or even some good hockey, to liven things up.

Litzenberger, usually a bench-warmer, started everyone, especially the Wings, by scoring a goal and setting up two by Stewart. Litzenberger was a replacement on left wing for injured Frank Mahovlich. Bob Nevin, who was unable to get a point in Leafs' semi-final against Montreal Canadiens and they scored twice against Detroit Tuesday night, got his third of the series Thursday.

Gordie Howe, still bedevilled by a mild attack of influenza, shook it off late enough to score both Detroit goals. Although he didn't play like the all-time great he is, he was still the best Red Wing on the ice.

Stewart had nothing but praise for the lanky Litzenberger after the game.

"Late played a helluva game," the right winger said. "He set me up real well for both my goals. All I had to do was put it in."

"But how can they do anything when we've got the puck all the time?"

Bob Pulford, a centre well able to handle himself in a rough contest, shrugged off Gadsby's remarks.

"If we beat them, they can go on hitting," he said. "But I don't think they can."

"We've got a lot of guys who can hit too—just as many as they have. They've 'played back' quite a bit. That isn't their strong point."

But he is entitled to his opinion.

Leaf manager-coach Punch Imlach, told of Gadsby's comments, said scornfully:

## Oil Kings Tie Series With 4-2 Victory

EDMONTON (CP) — Edmonton Oil Kings shaded Estevan Bruins 4-2 Friday night to even their best-of-seven Memorial Cup quarter-final series at two games apiece.

Fifth game in the series is in Edmonton tonight with the sixth in Estevan Monday night. The winner advances to the Memorial Cup semi-final.

Centre Harold Fleming scored twice to lead Kings to the victory before 6,481 fans. Centre Butch Paul and right-winger Doug Fox added one each.

Lyle Bradley and Gary Peters scored for Estevan.

Oil Kings led 2-1 after the first period and maintained the margin through a scoreless second frame.

Referee Ken Fowles kept things under strict control in an apparent attempt to avoid a repetition of the exceedingly rough play witnessed in the third game here Wednesday night.

Final statistics released by the league show Davis kicking 48 times for an average of 45.6, just grabbing the title from Los Angeles' Danny Villanueva. The Rams kicker punted 87 times for a 45.5 average.

Sam Baker of Dallas was third with a 45.4 average, followed by Detroit's Yale Lary at 45.3.

## REMEMBER WHEN . . .

Boxing was legalized in Chicago 34 years ago today after city fathers voted in ratification of the state law. Boxing had been prohibited in the Windy City since early in the century.

## MEASURES SUGAR

Brown sugar can be measured accurately by packing the sugar into the cup so firmly that it holds the cup's shape when turned out.
